

### U.S. TO INSIST UPON THE OPEN DOOR IN TURKEY

American Observer at Lausanne Conference Takes Occasion to Reiterate United States Stand

HOLD UP DEMAND OF TURKS FOR NEUTRAL ZONE ON WEST FRONT

Difficulty Lies in Finding Nation Willing to Guarantee Peace

LAUSANNE.—By the Associated Press.—Richard Washburn Child, chief American spokesman at the near eastern conference, amazed the other delegates at Saturday morning's session by reiterating the insistence of the United States on the open door policy in Turkey. He read the address delivered on October 29 to Great Britain, France and Italy and said that the American government and public supported this policy.

Can't Guarantee Peace

LAUSANNE.—By the Associated Press.—The request of the Turkish delegates to the near east conference for a neutral zone on Turkey's western boundary has been held up apparently because no nation wants to guarantee peace in any Balkan zone.

Premier Stambouly was equally insistent that Bulgaria could not retain her economic prize if denied a port on the Aegean.

Karagatch is in dispute between Turkey and Bulgaria. It lies just west of Adrianople and is the railway terminal of that city. The Turks contend that they cannot defend Adrianople unless they have Karagatch. On the other hand the Bulgars say that if Turkey controls the town it will be impossible for them to enjoy free railway communications to the Aegean even if they are given a port to the southward.

The conference adjourned its morning session immediately after the completion of Ambassador Child's statement, and will resume the discussion of boundaries this afternoon.

Child's Statement

"It is not and will not be the concern of the representatives of the United States to express at this conference views which have not for their bases the legitimate national interests of the United States or those of humanitarian consideration which I assume are shared by every delegation present," said the statement.

"We will, however, and I trust acceptably state when the occasion arises the position of the United States. We believe that a convenient and appropriate occasion now has arisen."

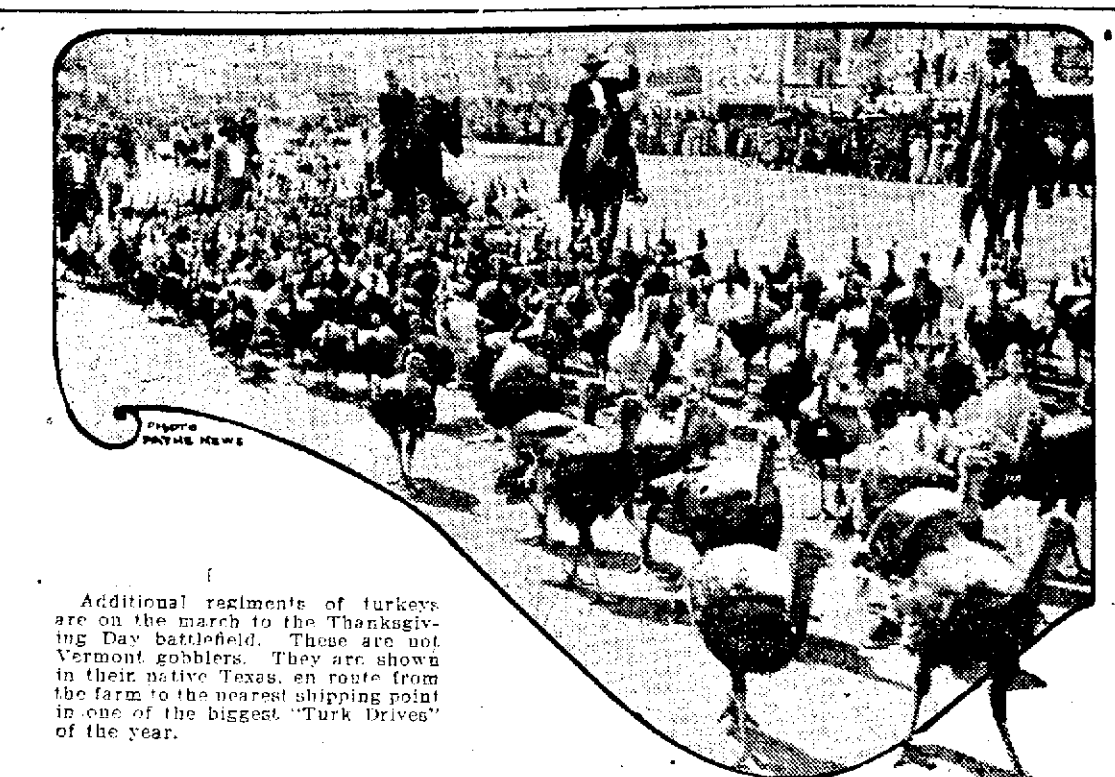

"It is not unknown to those who have observed the history of conferences and negotiations that few subjects may be considered by themselves. I note, referring to the specific subject under discussion, that all the various points of negotiation must in the end be considered as a unit, and it is often true that not one detail of negotiations can be considered as isolated from the others."

"The representatives of the United States are unable, therefore, to hear concluded the discussions of any territorial settlement which in its turn may affect other settlements without drawing the attention of the conference to certain traditional principles of the foreign policy of America."

### WEATHER RECORD

### REINFORCEMENTS ON THE MARCH

Additional regiments of turkeys are on the march to the Thanksgiving Day battlefield. These are not Vermont gobbles. They are shown in their native Texas, en route from the farm to the nearest shipping point in one of the biggest "Turkey Drives" of the year.

### SCHALLER, SCHROEDER SENTENCED; ALLOWED TO WORK DAYTIMES

Judge Higbee Sentences Schaller to 4 Months, \$300 Fine; Schroeder, 2 months, \$200

### DRY LAW VIOLATORS MUST SLEEP IN THE JAIL

Sam Grant, Henry Rick Charged With Selling Hard Cider

MATHIAS SCHALLER of Summer street, was sentenced to four months in the county jail and to pay a fine of \$300 and costs, and Oscar Schroeder of the Eagle hotel, was sentenced to three months and a fine of \$200 and costs, by Judge Higbee in circuit court Saturday morning. They were charged with violation of the prohibition laws.

Both Schaller and Schroeder will be permitted to work during the day but must return to the county jail after work each night and remain there until time to go to work the next day. Albert C. Wolfe, their attorney, and Sheriff Miller, requested the court to settle the question of whether the prisoners had to return to the jail after work each night. The sheriff contended that they did, while Mr. Wolfe said that the county jail might mean the entire county during the term of sentence. The court declared that if the prisoners did not return to the jail upon completion of the day's work, the sentence would be farcical.

### Leaves Hotel, He Tells Court

Schroeder told the court that he did not live at the Eagle hotel any more, that he and his wife had moved away. The court called his attention to the fact that prohibition agents had visited the hotel again and had seen liquor sold there in the past few days. Schroeder said that he probably could go to work for the Ruppel baking company or in a tobacco warehouse. Sheriff Miller said he didn't believe he would be compelled to get up and open the jail at 2 a. m. every morning to enable Schroeder to go to his work as a baker. Schroeder was advised to obtain work that didn't require his appearance on the job before 7 a. m.

Schaller told the court he was working for the Advance Bedding company. The court said he was acquainted with Mr. Pollett of the bedding company and that he had no objection to making to Schaller's continuing in Mr. Pollett's employ. The court said that persons had a perfect right to their own opinion regarding the prohibition laws but inasmuch as the laws were in effect they must be obeyed and that disregard of them such as shown by Schaller was bordering on anarchy and was demoralizing to the youth of the country.

### Sold Hard Cider, Is Charged

Sam E. Grant, South Fifth street, and Henry C. Rick, South Third street, were arraigned before County Judge Brindley Saturday morning, and complaints made by federal prohibition agents that they had in their possession for sale cider that had turned "hard," or contained more than one half of one per cent of alcohol, were read to them. Both declared that they did not know the cider was hard and asked for further counsel, to which the dealer who sold them the cider, the court postponed arraignment until next Monday morning, when Grant and Rick will enter pleas.

Sam Wheeler, Mill street restaurant proprietor, was fined \$300 and costs by Judge Brindley Friday afternoon on charges of possession of intoxicating liquor. Federal agents testified that they dropped into Wheeler's place just as he was having a so-called drink with an acquaintance in the rear of his establishment.

### TIERNAN DIVORCED ON THURSDAY; WEDS AGAIN ON SATURDAY

South Bend Professor Marries Daughter of Iowa Minister at Crown Point, Ind.

### DIVORCED WIFE DECLARES SHE HAD BEEN "TRICKED"

Claims She and Professor Were to be Re-married

HAMMOND, Ind.—By The Associated Press.—Prof. John P. Tiernan of South Bend, Ind., and Mrs. Blanche J. Brimmer, of Hammond, Iowa, were married Saturday morning by Justice Howard Kemp at Crown Point, Ind. The professor, who was divorced on Thursday from his wife, Mrs. Augusta Tiernan, principal in the Tiernan-Poulin paternity case at South Bend gave his age as 32. The bride gave her age as 24.

The license for the marriage was issued at Crown Point Saturday morning and the couple at once went to Justice Kemp and after the marriage ceremony left Crown Point immediately without so far as known mentioning their destination. The bride at the time of the issuance of the license stated that she was a widow.

### Prof. Tiernan Recently Resigned his Law Professorship at Notre Dame University prior to the divorce case hearing.

At South Bend Mrs. Augusta Tiernan, who had lost her suit to prove Poulin was the father of her third child and who filed suit for divorce but allowed the professor to obtain the divorce decree on a cross complaint on Thursday, announced that she had been "tricked," and that she and her former husband had planned to re-marry quietly. She declared she was stunned by news of the professor's intended marriage and declared that she would take steps to re-open the divorce case.

The professor and his bride did not disclose their plans to Justice Kemp. Tiernan remarked to her: "You had better take the motor bus to Hammond, and I will follow," which the justice took to mean that they were to separate to meet later at Hammond or some other point.

Prof. Tiernan, who recently was reported to have intended to remove to New York to practice law, merely told the official that he was a lawyer by occupation.

### Daughter of Minister

HANSELL, Ia.—Blanche Brimmer, who married Prof. J. P. Tiernan of Notre Dame is the daughter of Rev. and Mrs. Charles H. Hawn, a Methodist minister here.

Mrs. Brimmer is 23 years old and has been a widow for a year, her father said today.

The Rev. Hawn said his daughter has been corresponding with Prof. Tiernan for some time. He said he did not know just how long the Rev. Hawn and the girl's mother have never seen Prof. Tiernan. They do not.

### VETERAN HUNTER KILLS BIG BUCK

Oldest deer hunter in Western Wisconsin and probably in the state, J. L. Pettigill, 82, arrived home from his annual trip to Iron River with a fine big 200-pound buck, which he shot on the last day of the season. W. F. McElowney and Mr. Smith of West Salem, who accompanied him, each shot a buck.

### ALLEN GANTENBEIN DIES AT WINONA OF BULLET WOUND

Second Victim of Bullets Fired by Enos Behner in Saloon Row at Alma

### FATHER AND SON ARE DEAD BARTENDER HELD IN JAIL

Man Who Fired Shots Claims Self-defense

ALLEN GANTENBEIN, 34 years old, operator of a soft drink saloon at Alma, died Friday at the Winona General hospital as a result of a wound sustained when he was shot by Enos Behner, 10 years old, in the Henry Probst saloon at Alma early on the morning of November 12.

His death brings the number of victims of the shooting to two, his father, John Gantenbein, 65 years old, veteran city marshal, having been instantly killed by Behner.

A bullet penetrated the younger Gantenbein's stomach and liver. The bullet was removed, and for a week the patient made satisfactory progress toward recovery. On the eighth day, the attending physician said, his condition changed for the worse, and he gradually became weaker. His kidneys became affected, and he died Friday.

### Wife at Bedside

His wife and one of his brothers, who had been at the hospital continually since his condition became critical, were at the bedside when death came.

Gantenbein, who was a former service man, is survived by his widow, who he married several months ago, by three brothers, Thomas of La Crosse, Robert of Nelson and John of Seattle, Wash., and by three sisters, Mrs. Jennette Hagler of Alma, Mrs. Abraham Garrow of La Crosse, and Miss Anna Gantenbein of Grand Rapids, Mich.

Behner, who admitted the shooting, has been held in the Buffalo county jail at Alma since he surrendered himself to the authorities shortly after the affair. A jury impelled by coroner Hartman Stehr, after hearing testimony at an inquest, returned a verdict charging him with murder of the older Gantenbein. The preliminary hearing has been delayed pending developments in the condition of the younger Gantenbein.

### Call Shooting Cold Blooded

Walter Rupp and William and Norman Rupp, witnesses of the shooting, testified at the inquest. The younger Gantenbein was wounded by Behner without provocation shortly after he entered the door of the Probst saloon, where Behner was in charge during the absence of the owner on a hunting trip, while the marshal was killed when he attempted to draw his revolver following the shooting of his son, they testified. Bad feeling had existed between Behner and the younger Gantenbein. It was brought out, and there had been a quarrel several minutes before the shooting.

Behner will attempt to justify his act on the ground of self-defense, according to a statement he is said to have made to Sheriff Theodore Scharr.

### CORMORANT IS SHOT BY WISCONSIN HUNTER

NEW LONDON, Wis.—While hunting ducks on Lake Poygan, near here, Leo Scherrock shot a cormorant, a bird extremely rare in this part of the country. The cormorant is a native of the Pacific coast and Gulf of Mexico. The bird is used by the Japanese in catching fish. A cord is tied about the bird's neck and which prevents it from swallowing the fish, which is quickly removed by the fisherman. The bird has been mounted and is in a New London store.

### BOARD OF PUBLIC WORKS REPORTS ON STREET TESTS HERE

Find Average Thickness of Concrete Base on Streets to be 5 1/8 Inches

FORTY TEST HOLES MADE ON CASS AND MARKET STREETS

Street Work Found to Comply With Specifications

FINDINGS of the board of public works in the tests requested by the council to ascertain whether new street work was being installed according to specifications, reported to the council at the adjourned meeting Friday night, showed that the concrete base more than complies with specifications as ordered by the common council.

From the forty test holes made on Cass and Market streets by the board it was found that the average thickness of the concrete base was 5 1-8 inches. The thickness required by the specifications is five inches.

### Board's Report

Following is the complete report of the board to the common council, November 24, 1922.

"To the Honorable Mayor and the Common Council of the City of La Crosse, Wisconsin.

"In compliance with your instructions of November 10, 1922, we, the Board of Public Works, herewith submit a report of tests made of the concrete base laid by the White Construction Company in the following streets: Cass Street from Fifteenth Street to Twenty-fifth Street; Market Street from the Green Bay tracks to Twenty-second Street.

"The object of selecting these streets was that the asphalt top had not been laid at that time. The test holes were made by using a hammer and a one inch drill, cutting through the concrete base at various places along these streets. There was a total of forty test holes made, twenty-four on Cass Street and sixteen on Market Street. The average thickness of the concrete base was 5 1-8 inches.

"While it was rather a crude way of making the test, the result obtained, however, was satisfactory. We are satisfied that a block of concrete eighteen inches square been taken out the results of this test would have shown a greater thickness of concrete.

"We have received the conditions regarding the concrete base with Mr. Dagendesh, the inspector on this work, and we are satisfied from his explanation that the city's interests were fully protected. Mr. Dagendesh is an experienced and very competent inspector on this class of work. He has worked for the state and also has inspected on many of our public school buildings. He is confident that the specifications have been fully complied with.

### Explain 17th Street Opening

"The fact is that the opening on Seventeenth and Winnebago was made in an unusual place, at the intersection of two streets, also on the shoulders where the convex of the crowns of the two streets meet. It is almost impossible at all times to obtain uniform distribution of material in these points. When the Gas Company made the opening above referred to the concrete base was broken with a heavy sledge hammer. This left the edge of the pavements in a shattered and ragged condition. Since investigating this case we have learned that at no place was the thickness of the base where the Gas Company cut in on Seventeenth less than 1-2 inches, to 5 1-2 inches.

"Concluding, the Board of Public Works, after receiving reports of some forty tests, decided that it was unnecessary to proceed further. Attached find the report of tests as made on November 12, 1922.

Board of Public Works.

Commissioners.

### SHIP SUBSIDY BILL CERTAIN TO PASS SAY G. O. P. LEADERS

WASHINGTON.—The last day of general debate was ahead for the shipping bill when the house convened Saturday with the confidence of republican leaders that it would pass by a safe margin next Wednesday unshaken after two days of searching discussion of the bill. Assurances to this effect were taken to the white house by Representative Modell, the republican leader, at the close of Friday's debate, although he did not say how many votes it would have to spare.

### SHIP CARRYING CHILD REFUGEES IN COLLISION

CONSTANTINOPLE.—By The Associated Press.—The American Near East Relief steamship Belgravian carrying 2,000 orphans from Asia Minor, collided with the trans-Atlantic line New York and the sea of Marmara Saturday morning. Allied ships have gone to their assistance.

### COUNTY BOARD ASSURES BUILDING OF A GREATER FAIR IN GATEWAY CITY

TAX RATE HERE REMAINS AT 26 MILLS ON DOLLAR

City Council Adopts Annual Budget in Adjourned Meeting Friday Night

COUNCIL ADOPTS BUDGET THOUGH COUNTY BOARD IS IN SESSION

Several Important Matters Acted Upon Friday Night

A TAX rate of 26 mills on the total valuation of property in the city of La Crosse was ordered by the common council in the adoption of the annual budget, at the regular adjourned meeting Friday night. Fixing of the rate at 26 mills holds the rate to the figure in the 1921 budget.

Comparative figures of the 1921 and 1922 budgets reveal that the expenses of maintaining all city departments has been cut this year to \$28,422.68 lower than the figure of the previous year. Figures show that increases in appropriations for salaries, police, light, public highways, bridges and water were made this year, while appropriations for fire and grounds and buildings were decreased. Appropriations for health, bath, sewers and parks remained the same as last year. The figure for current expenses was decreased considerably this year.

### Estimate State-County Tax

Accompanying the adoption of the budget a resolution was passed authorizing the city comptroller to add to or subtract from the current expense fund an amount equal to that which varies from the estimated state and county tax yet to be determined by the county board. The state and county tax was estimated at \$245,000.00.

Following are the figures showing the appropriations and the estimated income of the city:

Department	1922	1921
Salaries	\$55,000.00	\$51,500.00
Police	11,000.00	10,000.00
Fire	10,000.00	10,000.00
Health	10,000.00	10,000.00
Light	21,300.00	21,500.00
Bath	2,500.00	2,500.00
Public buildings	1,500.00	1,500.00
Sewers	3,500.00	3,500.00
Public highways	25,000.00	20,000.00
Bridges	20,000.00	20,000.00
Parks	20,000.00	20,000.00
Water	51,000.00	47,000.00
Current Expenses	107,177.89	119,705.48
Total	\$450,782.89	\$478,205.48
Police Pension	2,500.00	
Fund	7,000.00	
Int. on bonds	17,000.00	
Sinking Fund	167,000.00	
State and Co. tax	245,000.00	
Library	20,871.29	
Schools	300,000.00	
Industrial Education	30,000.00	
Total	\$1,291,206.50	
Total assessed valuation as equalized for the year 1922	\$4,744,484.50	
Amount at 26 mills	\$1,234,566.00	
Amounts to	\$1,385,502.50	
Estimated income	250,936.00	
Total	\$1,291,206.50	

### ESTIMATED INCOME

License Pool and Billiards	4,000.00
License Pool and Billiards	500.00
License Pharmacists	100.00
License Show	500.00
License Scavenger	200.00
License Hotel Runners	15.00
License Electricians	150.00
License Bowling Alley	75.00
License Pawnbroker	10.00
License Theatre	250.00
License Cigar Stand	100.00
License Dance Hall	50.00
Reverge Permits	10,000.00
Interest on deposits	12,000.00
Police Court fines	1,000.00
Street Railway Tax	3,000.00
Public Telephone Tax	3,500.00
Flaming Income	80,000.00
Electric Permits	1,000.00
Sewer Permits	800.00
Bath Receipts	700.00
Flaming Income	1,500.00
Income Tax	70,000.00
Interest from Sinking Fund	15,000.00
Total	\$205,904.00

### Fight Auto Tax Release

That the city of La Crosse will fight the county board proposition of taking away from "the city the right to tax automobiles as other personal property is taxed" was evidenced by the fact that a resolution was passed proposing the matter and authorizing the mayor to attend all meetings of the league of Wisconsin municipalities for the purpose of organizing defense. The resolution was offered by Alderman Newburg.

For the purpose of securing sufficient ground on which to build a new Lincoln school, the city attorney, through passage of a resolution, was directed to offer Thomas Burns \$6,000, Cornelius Lynch \$4,500, and Anna and Alice Brieske \$2,500 for property in Stevens' addition to the city, located between Eighth and Ninth streets, and Division and Ferry streets.

In line with construction of a new North Branch school, it was ordered built in block 12 of Losey's addition which is situated on the east side of George street, between Livingston and Moore streets, which property was purchased for school purposes. A resolution was passed cancelling all options received by the city in block 3 of Losey's addition, first decided upon for the location of the school.

A resolution offered by Alderman

### FIVE THOUSAND IS SET ASIDE FOR BUILDINGS

This Amount to Go Into Sinking Fund to Pay Interest and Principal on Bond Issue

### OVER HUNDRED THOUSAND TO BE RAISED FOR BIGGER FAIR

Two Members of County Board to be Directors of the Fair Association

ACTION which assures the success of the \$125,000 building program of the La Crosse Interstate Fair association was taken by the county board of supervisors late Friday afternoon, when a resolution was passed appropriating \$5,000 for building purposes at the fair.

Coincident with the passage of this resolution comes an important change in the board of directors of the fair association. Two members of the county board will be elected to places on the directorate of the fair.

Equally important is the announcement today by the joint committee representing the fair association and Chamber of Commerce that the action of the county board assures the success of the financing plan by which the \$125,000 required to construct the proposed new buildings on the fair grounds will be raised. The bond issue will be handled by the La Crosse Trust company, it was said today.

### Starts Sinking Fund

The money appropriated by the county board will go, together with donations and money to be set aside by the fair association each year, into a sinking fund to be administered by the trust company. Out of this sinking fund will be paid the interest on the bonds and also such portion of the principal as it shall be deemed advisable to retire from time to time. It is probable that the bonds will run for fifteen years.

Details of the financing plan will be formulated at the next meeting of the board of directors of the fair association, it was said today.

The plan to rebuild the interstate fair and make it one of the greatest fairs in the country was outlined shortly before the last fair, when a special committee including representatives of the fair association and Chamber of Commerce arranged a tentative financing program by which the first unit of the proposed cattle display buildings was erected. Construction of this building was completed in time for the fair. Three additional units of the livestock display building, with an exposition stadium in the center are planned, and other new buildings will be erected on the fair grounds.

### Committee in Charge

The joint committee which has been working on the fair building program included C. S. Guncy, T. H. Guncy and P. H. Burgess, directors representing the fair association, and William Doerflinger, Rurt C. Smith, and D. W. MacWille, representing the Chamber of Commerce. Mr. MacWille appeared as spokesman for the joint committee before the county board and urged an appropriation for the fair.

Supervisor Baum introduced a resolution asking that \$5,000 be appropriated for building purposes for the Interstate Fair association. This resolution was referred to the finance and ways and means committee, which submitted the following resolution:

### Resolution Adopted

"Your joint committee on finance and ways and means to which was referred the resolution of Supervisor Baum relating to an appropriation for the fair association, beg leave to report that we have had the same under consideration and would recommend that the same be adopted under the following conditions to-wit:

"1.—That the board of directors of the fair association shall include two members of the county board to be elected by the board, to hold office for one year.

"2.—That the appropriation made by the county board shall be placed in a trust fund by the fair association and the same shall be used exclusively for the payment of the interest upon the bonds issued by the fair association, in case there shall occur a deficit in the earnings of the fair association requiring the use of such appropriation for the payment of such interest on the principal sum of the bond issue."

# MAROONS INSPIRED TO FIGHT BADGERS BY TITLE CHANGE

Wisconsin Expected to Launch  
an Aerial Attack on Staggs' Eleven

CHICAGO, Ill.—A claim to championship in the Big Ten gave the Maroons an inspiration to fight for victory over Wisconsin Saturday as the whistle blew the opening of the team's final game this season.

The Badgers were expected to open a series of aerial attacks to cross the Maroon goal. Anticipating this mode of attack, Coach Staggs had drilled his men this week on interference of forward passes.

Dickinson, Maroons' injured end, in all probability, will not start the game. It was indicated that Rohrer and Barnes would go in as ends.

The probable line-up was as follows:

Chicago	Position	Wisconsin
Rohrer	rt	Isbell

# MONTAGUES WIN TWO FROM GAUGE IN CITY LEAGUE

The Montagues won two out of three from the National Gauge in the city league bowling Friday night, the latter moving up a notch in the standing when the Arenz Shaws were idle.

The Badgers made a big advance in the last by taking three from the Rivoli Electric in spite of Klavitter's 216 high single score in the second game.

The Maders, Gibsons and Shirvins won two out of three from the Triple Seal, Collegians and Krause Clothing company.

# THOMAS VERSUS OWEN— WHO IS GREATEST PLAYER?

# IOWA READY TO DEFEND TITLE IN PURPLE BATTLE

Northwestern Arrives Early for  
Long Practice on Iowa Field

IOWA CITY, Iowa.—Iowa was ready to defend its status in the western conference football title here Saturday afternoon when it meets Northwestern in the final game of the year for both teams.

Northwestern's team, looking heavier than Iowa, arrived Friday afternoon for long practice on Iowa field. The purple eleven bears a confident air and has hopes of upsetting the Hawkeyes.

# SOKOL BOWLING

The Falcons, Hawks, Crows and Robins took two out of three games from the Vultures, Eagles, Sparrows and Owls respectively during the league matches of the Sokol bowling league this week.

# TAYLOR COUNTY ASKS FOR FIVE-YEAR CLOSED SEASON FOR DEER

MEDFORD, Wis.—The county board passed a resolution in favor of having deer hunting season closed for five years in Taylor county. This was approved by every member of the board and a petition to that effect will be sent to the legislature.

A petition asking to make the hiring of a county nurse optional, with the board and that the counties not be compelled to hire a county nurse, was also sent to the legislature.

# WOLVERINE TAKES ON MINNESOTA IN LAST BIG 10 TILT

MINNEAPOLIS, Minn.—Determined to keep its season's slate free from defeat and thus stand a chance for a tie for the Big Ten championship, Michigan will meet Minnesota in the last Western conference football game of the year at Northrop field here Saturday afternoon.

# HONORARY CONSUL FOR MEXICO TITLE GIVEN MILWAUKEEAN

Status of Unofficial Representative  
at Milwaukee Not  
Definitely Known

MADISON, Wis.—D. P. Kirby Hade, Milwaukee, has been appointed honorary consul of Mexico at Milwaukee, according to a statement received by Governor Blaine from Charles F. Hughes, Secretary of state at Washington.

In his letter Mr. Hughes says: "I have the honor to inform you that this department is in receipt of a communication from the local representative of the administration now functioning in Mexico stating that Mr. D. P. Kirby Hade has been appointed honorary consul of Mexico at Milwaukee, Wis., and requesting that the proper authorities be informed accordingly. As the United States government has not recognized the present Mexican regime, it does not grant the usual recognition to consular officers of Mexico appointed to reside in the United States. However, the former incumbent having been transferred or removed, the department considers that it is desirable as a practical matter for agents of this government to raise no question as to the lack of formal recognition of Mr. Hade and to deal with him in the transaction of business as with his predecessor. I therefore request that you will advise the appropriate officials of your state to that effect."

Governor Blaine in his reply said: "I note that the United States government has not formally recognized the present Mexican government, but that your department considers that it is desirable as a practical matter to raise no question as to the lack of formal recognition of Mr. Hade, and to deal with him in the transaction of business as with his predecessor. This is to assure you that I will give appropriate official notice as requested by you."

Just what the status of this unofficial representative is, Governor Blaine was unable to explain. It is believed that he serves in a sort of a de facto capacity.

# IN THE MORNING PAPERS A Summary of the News

BERTIN.—Chancellor Cuno said in the reichstag the government had adopted the note sent the reparations committee by the late Weimar government asking a moratorium on reparations except deliveries for the devastated areas.

JACKSONVILLE, Fla.—The section of the Clayton act providing for a jury trial for alleged violators of injunctions was held unconstitutional in United States district court here.

MEXICO CITY.—Federal troops reported they decisively defeated a force of rebels under General Miguel Aleman at Vidro, state of Vera Cruz.

DUBLIN.—General Kilroy and seventy men of his republican forces were captured near Newmarket by Free State troops.

NEW YORK.—Mrs. Harriet Gill Rowley, an associate of Susan B. Anthony in woman suffrage work, died.

BOSTON.—M. Clemenceau recognized Nellie Skinner, the only surviving member of the class in French literature which he conducted in New York fifty-seven years ago.

NEW YORK.—Completion of the negotiations for the absorption of the Midvale Steel and Ordnance company by the Bethlehem Steel corporation, was announced.

PARIS.—The education committee of the French senate received Mrs. Lawrence Fish of Milwaukee, president of the French Orphans' Aid in Western United States, who suggested measures be taken to provide more French teachers in the United States.

# KNIGHTS OF HARVARD AND YALE DON GRIDIRON ARMOR FOR ANNUAL TILT SATURDAY

NEW HAVEN, Conn.—By the Associated Press.—Like knights of old, the football players of Harvard and Yale put on the armor of the gridiron Saturday for their annual joust with the pigskin. To see the Crimson and Blue students in their annual match of bruising contact and skillful evasion, a concourse of alumni and fair followers came from the ends of the country, almost of the world. They formed an audience far more numerous than those which thronged the tilting yards of other days and quite as colorful.

Outstanding among the 78,000 odd who were sure of seats, was the war-time premier of France, Georges Clemenceau. The prospect of seeing in action at the sport that is new to him the teams of the two American colleges most widely known to the world, was too much for the Tiger to miss.

# MILWAUKEE MAYOR PROTESTS PROPOSED HIGHWAY AID BILL

Letter to Blaine Scores Plan as  
Cowardly and Piece of Un-  
just Humbuggery

MADISON, Wis.—A protest against the proposed highway aid bill combining a gasoline tax and the elimination of a personal property tax on automobiles was made by Mayor Daniel Hoan in a letter to Governor Blaine on Friday.

"The effect of the so-called Hirst bill will lessen the revenues of the local units of government in this state and will force their local property tax higher and higher, if they are to keep pace with the growing needs of their roads and streets," declared Mr. Hoan.

"I feel certain that when the facts are called to your attention that you will not hesitate in putting your foot down on so unjust a piece of taxation humbuggery as is proposed by Mr. Hirst."

# MOVIES

## RIVIERA TODAY

Circumstantial evidence has broken many innocent hearts. And is the backbone of "The Lying Truth," the photo-drama at the Riviera theater.

The French Basile is the greatest monument ever erected to circumstantial evidence. It was filled with innocent victims of a despotism monarch.

Henry the Eighth made circumstantial evidence an excuse for his leading his wives.

If all the penalties inflicted on humanity through misarrangement of justice by circumstantial evidence could be numbered it would leave a tabulating machine busy for a century running off a number a second.

"RULING PASSION"—RIVOLI  
At Mud Bridge, on the Sawmill River road, near Briarduff Manor, up in Westchester county, just outside the northern boundary limits of New York city, stands Peterson's garage, directly across the road was the garage of Grant and Merrick. On big posts at these two gasoline service stations were signs inscribed "Gas 10c."

Sawmill River road boasts one of the finest stretches of concrete motorway anywhere. It is new, and thousands of cars daily pass Mud Bridge. That "10c" looked mighty enticing to motorists who were in the habit of paying 27 and 28 cents, and machine after machine was halted in front of an garage while the overflow went to the other—but to each driver was told that the supply of "gas" was exhausted.

The facts are that John Grant, one of the partners of "Grant and Merrick," was none other than George Arliss, famous actor widely known on the stage and on the screen, and the garages that sprouted up overnight were built specifically for motion picture work, while the "gas" tanks held only oil to supply the Arliss company's machines.

Mr. Arliss was then engaged in making his latest photograph, "The Ruling Passion," which has been booked for the Riviera for next Sunday, Monday and Tuesday.

"PEGGY O'NEIL"  
The rollicking song play comes to La Crosse. The much heralded and successful melodramatic comedy, "Peggy O'Neil," will play at the La Crosse theater for matinee and night, Thursday, November 16. If you enjoy a real play with an unusual story, that holds your interest tightly in its grasp, consisting of the bubbling sort, that is irresistibly funny, pleasing songs that everybody loves, then you will enjoy to the fullest this most remarkable song play.

STRAND TODAY  
There is romance aplenty in "Man's Law and God's," which is presented tonight at the Strand theater, and in which Jack Livingston and Ethel Shannon are featured. The story is primarily of a courtship by proxy, started as a pastime by a bachelorette and her mother with-out knowledge or consent of the young man whose personality he assumes, which becomes the one big serious thing in the life of the girl concerned, later brings to its fulfillment another romance started thirty years previously.

"SMILES ARE TRUMP"  
COMING NEXT WEEK  
"Smiles are Trump," a Fox production featuring Maurice Flynn, of Yale football fame, will be the attraction at the Majestic theater for Sunday. The picture places one of the handsomest stars in the business in a story that is said to be unbearable for interior and thrill.

Frank J. Packard's story, "I Am a Fool," is the basis of "Smiles are Trump." George B. Marshall directed and Ora Caneva, pretty and popular, supports Flynn as daughter of the vice president of a big transcontinental railroad.

From this it may be assumed that "Smiles are Trump" is a railroad story. So it is, and a "rolling" one, to advance notices say. Flynn, as an assistant paymaster, is compelled to use all the athletic ability accumulated during his football years, to meet the rigorous requirements of the picture. One of the many gasp-producing stunts, performed by the star, is his leap from one speeding locomotive to the cabin of an engine on another track.

RIVIERA SUNDAY  
When the Russian nobility were killed or forced to flee their country in the revolution, their rich jewels were the first property looked for by the assassins. Many of the treasures were smuggled into other countries, and it is a plot to smother a shipment of the jewels into the United States that brings about the adventure to Alice Brady in her role of a Syrian girl in

## PARDON HEARINGS ANNOUNCED FOR DECEMBER SIXTH

MADISON, Wis.—Governor Blaine will hold his next pardon hearing on Wednesday, December 6, according to announcement from the executive office Saturday. A large number of applications for executive clemency will be presented to the executive at that time.

The coming month is to be the busiest in the governor's year, with pardon hearings, sessions of the state board of public affairs on the state's financial budget, preparation of his

message to the legislature, and consideration of appointments.

ALLEGED RAIDERS OF MONROE FARMS HELD BY SHERIFFS

Men, Driving Roadster With Box on Rear, Said to Have Helped Selves to Poultry

SHERIFF-ELECT ALBRIGHT IS HURT IN A LATHE MILL

Funeral of Mrs. May McGinnis Held Friday

SPARTA, Wis.—Leland Felsch and Henry Olson, who it is alleged have been raiding farms in various sections of Monroe County, for several weeks past, were arrested by Sheriff Charles Torrence of this city and the assistance of the under sheriff of Juneau County, at the farm of Felsch, two miles north of Wauwau, Saturday night and are now awaiting trial in the county jail here.

These two men for several weeks have been driving around the country in a Ford runabout helping themselves to what ever seemed handy, and of value it is claimed. They had a coop built on the rear of their car, and nights gathered up poultry, hares, and other articles of value. The most of the plundering was done in the vicinity of Wauwau, Kendall, Norwalk, and Bray Valley, although they also visited other parts of the county. One harness and a plough were found on the Felsch farm, but most of the harnesses were sold around Wauwau, and many of these Sheriff Torrence recovered. He spent all day Tuesday from eight o'clock in the morning until six at night, recovering harnesses and as much poultry as had not been disposed of, for the owners of the property who could identify it. Most of the poultry had been sold to markets in Wauwau, but on the day the men were arrested, they had driven to Richland Center to dispose of the lot, for they had learned they were under suspicion. When they returned to Wauwau, the sheriff made the arrest.

Felsch lives on a farm near Wauwau where he moved about four weeks ago, going there from Elroy. His wife is dead, but he has three sons, the oldest one, a lad of about ten years, makes his home with his father. He at one time lived on the John Winters farm, near Sparta.

Olson has been a county charge, being feeble minded, but is supposed to be working for Felsch. He has been married, but he and his wife have separated. The two men were brought before Judge Lamsen Wednesday afternoon, they pleaded guilty and were bound over to county court for trial. Their bail was placed at \$3,000.00 each, but this they could not raise and will remain in jail. The charge against them is burglary to the night time of buildings not occupied as a dwelling.

Sheriff-elect William Albright met with an accident Thursday morning, while heading at his lathe mill about five miles west of Sparta, on the La Crosse road. His left hand was caught and it was found best to remove the middle finger, to the first joint. It is a double hardship for Mr. Albright, as some time ago, he lost all the fingers on his right hand in a corn shredder.

The remains of Mrs. May McGinnis arrived in Sparta Thursday morning from Minneapolis and were taken to the home of her parents, Mr. and Mrs. E. B. Rinker, on West Main street. She died in Minneapolis on Wednesday, November 20, at the age of 61, after a long illness.

Miss Esther Schwankle entertained a company of friends at a party shower at her home Monday evening, complimentary to Miss Julia Wand-schneider.

Miss Lettie Jackson, Mrs. W. T. Holden with Mrs. Avery Sutland entertained about seventy guests Saturday and Sunday at the Sutherland home. The latter group met with Mrs. H. W. Jefferson Tuesday.

HUNTERS ARE HOME WITH BIG BUCKS KILLED UP NORTH

Two members of a hunting party of farmers living east of the city who went to Hildon, on the Flambeau river on a deer hunting trip returned with fine bucks. C. P. Brinkman has a buck weighing 175 pounds to show for his prowess as a hunter, while Walter Hoth had an animal nearly as large. Grant Thrune of Cashden shot a big wolf. Other members of the party, who were not so successful in their quest of big game but who nevertheless enjoyed the outing were Carl Brinkman, Joseph Lemke and Frank Hothfeld.

CHINESE PREMIER OUT

PEKING, China.—By The Associated Press.—Premier Wang Chung-hui resigned Saturday. The resignation of the entire cabinet has been in the hands of President Li Yuan-hung since the arrest a week ago of Lu Wen-kun, finance minister, on the charge of accepting a personal commission in connection with the negotiations of a pre-war loan with Austrian and German capitalists.

CLEMENCEAU AT GAME

NEW HAVEN, Conn.—By The Associated Press.—Overriding the advice of his physician that he might endanger his health, M. Clemenceau, Tiger of France, arrived here shortly after 1 o'clock Saturday afternoon to witness his first American football game, the Yale-Harvard classic.

SOUTHERN WISCONSIN FACING SERIOUS SHORTAGE OF HARD COAL FOR THE COMING WINTER

MADISON, Wis.—The entire southern part of Wisconsin is facing a severe shortage of hard coal this winter, due largely to the fact that dealers of that section looked to local coal company salesmen to fill their orders. P. H. Pressentin, secretary of the state coal committee, said in a statement Saturday. He declared that salesmen and coal brokers were now falling down on supplies to the sections needing anthracite.

"This year the agents of the anthracite operators are turning a deaf ear to their former clients, and the brokers are not getting any hard coal," the statement said. "The dealers leave the dealer out in the state, who has always looked to these sources for his coal, up against a stone wall, unless by chance he is fortunate enough to land a car of premium coal."

"The Lake Michigan dock companies have their hands more than full in attempting to distribute the coal they are receiving, on an equitable basis. They are in no position to take on business now. The majority of priorities placed with the different dock companies have been promptly honored. The day is coming, however, when it will be necessary to look to them to relieve the shortage at points, such as indicated, but I feel that they will meet the issue and see that no real hardship or suffering occurs."

"It is true that during the war, Wisconsin's retailers were restricted to obtaining anthracite from the docks. But provision had been previously made to supply those dealers who normally dealt with all rail shipments with coal from the docks, the amount being sent by cargo to the docks. But no such situation exists this year. Not only have the docks not been sent an amount to cover all rail needs, but they are short of the amount needed to supply their own trade."

The sooner coal dealers in Wisconsin learn to look to the Lake Michigan dock companies for their supply of anthracite and ignore the salesmen who flock around when the sun is shining, the better off they will be as well as the communities they serve.

"After two experiences such as those of 1918-1919, and this year it should not be necessary for the dealers in Wisconsin to learn that for anthracite they must depend on the docks."

Anthracite shipments by boat to Michigan docks have reached a total of 353,987 tons for the northwest, Mr. Pressentin says. Out of this amount Wisconsin's share is 383,000 tons, an amount much less than the needs of the state.

Report to the state coal committee shows that shipments to Milwaukee have reached 233,000 tons; to Green Bay, 24,071; Sheboygan, 26,672; Waukegan, 16,625; Manitowish, 16,075; Racine, 14,900; Escanaba, 6,000; Marinette, 900, and Chicago, 143,160.

Lake Superior receipts show that 151,563 tons have been received at Duluth, 20,357 tons at Superior; 22,000 tons at Ashland; 15,146 tons at Port Arthur; 13,700 at Fort Williams, besides smaller shipments at minor ports.

"Those figures indicate a quite fair distribution as far as Michigan docks can be compared with Superior docks," Mr. Pressentin said, "but the injustice to Wisconsin is evident when it is taken into consideration that but 10 per cent of the coal shipped to Superior ports gets to Wisconsin consumers."

"Deducting 10 per cent from Superior docks tonnage, gives us 46,752 tons for Wisconsin consumption. This added to Lake Michigan dock tonnage, equals 533,040. From this amount must be taken the tonnage shipped to Chicago, 143,160, leaving Wisconsin's anthracite tonnage 383,880 tons to date."

ROBERTSON BOUND OVER TO CIRCUIT COURT FOR THEFT

Accused of Stealing Brass from Rabbi Raymond; Bail \$2,000; Skaar Case Adjourned

Hugh Robertson, well known in police circles here for his activities eight or nine years ago, was bound over to circuit court and held under \$2,000 bail by Judge Brindley in county court Friday afternoon. Robertson pleaded not guilty to a charge of stealing a quantity of brass from the barn of Rabbi Raymond.

The complaint alleges that sometime on the night of November 17 or the morning of November 18, the barn of Rabbi Raymond at 325 North Ninth street was entered and a quantity of brass fittings stolen. Later a man giving the name of John Bick, disposed of the brass, which was identified in court by Rabbi Raymond as his property, to Louis Natanson, a township identified Robertson as the man who sold him the brass. Robertson was represented by Frank Withrow.

The case of Helmer "Happy" Skaar, charged with lifting a roll of bills amounting to \$231 from John McDonald while the two were sitting in on a card game in the basement of the Stefford saloon at 226 South Third street early last Tuesday morning, was adjourned until December 1. Fred Hartwell, Skaar's attorney, secured a reduction in the bail to \$500.

TAX RATE HERE REMAINS AT 26 MILLS ON DOLLAR

(Continued from page one)

Mahoney was passed instructing the board of public works to advertise for bids for the sale of lots 8, 9, 10, 11 and 12 of block 5 of Scott's addition to the city.

An ordinance to change the name of Mill street and that part of North Third street, north of Zolster street, to Copeland Avenue, was introduced Friday night. The ordinance received its first and second reading.

Ask Bathing Appropriation

A resolution was read and referred requesting that the council place a sufficient sum in the annual budget to provide for the construction of a bathing pool in Copeland park. It was provided that the pool be under the direction of the park commission.

The council adopted a resolution directing the board of public works to advertise for and receive bids for furnishing the city with a combination ambulance and police patrol.

An ordinance fixing the location of the tanks, warehouses and other buildings of the Perfect Oil and Gas company was introduced and referred back to committee. At the last meeting of the council, the company was granted permission to order materials for the buildings.

Street Grading

The council passed resolutions authorizing the grading of the following streets and alleys:

Mississippi street, from East Avenue to Twenty-first street; Winnebago street, from Nineteenth to Twenty-first street; Nineteenth street, from Jackson to Market street; Twentieth street, from Jackson to a point 120 feet north of Market street; Twenty-third street, from La Crosse to Park Drive; Twenty-fourth street, from La Crosse to Park Drive; the east and west alley north of La Crosse street, between Twenty-third and Twenty-fourth streets; the north and south alley north of La Crosse street, north to Park Drive.

The Reason

The impulse that many people have to burst into song when in a bath room is said to come from the music of the running water.

Healthy Climate

On account of the purity of the air in Polar regions, throat and lung diseases are unknown there.

FALLS FROM ROOF OF HOSPITAL BUT ESCAPES INJURY

Frank Manders, Falls Fifty-seven Feet to Rubbish Pile Friday Afternoon

Frank Manders, who lives at the Grand hotel, miraculously escaped death or serious injury about five o'clock Friday afternoon when he fell from the roof of the La Crosse hospital, where he was working. According to the story told at the hospital Saturday morning, Mr. Manders, an employee of John Ledgar, who was repairing the roof of the hospital, fell when a derick which was being used in the work became loosened and pushed him over the edge. He fell about 57 feet and landed on a rubbish pile. He sustained slight cuts, but besides being somewhat shaken up, was unhurt.

Several windows were broken by the accident, either by Mr. Manders in falling, or by the derick, which also fell.

ATTORNEY SCORES FEELING AGAINST CONVICTED MAN

DECORAH, Iowa.—Arguments on the motion for a new trial in the case of Frank Kneeskern, convicted in district court last spring for the murder of Irene Van Brocklin, were concluded before Judge Taylor Friday night at 10 o'clock.

The hearing late Friday night developed a real sensation when the audience which packed the court room, applauded a statement of counsel for the prosecution during an interruption of the closing arguments of Attorney W. S. Hart of Waukon. Mr. Hart turned to the audience and condemned what he termed was an open display of prejudice against the defendant. He said the conviction of Kneeskern was the result of this prejudice. He said "there are people, and they are in this room, who want to dominate Winnebago county by mob rule."

ASK STATE TO TAKE OVER BRIDGE AT STURGEON BAY

STURGEON BAY, Wis.—The county board at its monthly meeting here passed a resolution petitioning the state highway commission to place the Sturgeon Bay toll bridge on the state highway system. If the commission accepts, the bridge will be part of Highway 17 and will connect two stretches of concrete roadway. The taking over of the structure by the state will make it a free bridge.

HOLD DOUBLE FUNERAL FOR AUTO VICTIMS

BELOIT, Wis.—A double funeral service for Mrs. E. H. Greenburg and Mrs. Paul Robinson, Beloit women, who were killed in an automobile crash near Milwaukee Thursday, will be held this afternoon at the First Presbyterian church here. Both women were active in women's organizations here and were members of the Presbyterian church.

MICHIGAN RUNNERS WIN BADGERS COME IN SECOND

LAFAYETTE, Ind.—Michigan runners won the annual Big Ten cross country meet here Saturday with 41 points. Wisconsin was second with 51, and Illinois and Iowa State tied for third and fourth positions with 72 points each. Ohio State was fifth with 141; Minnesota sixth with 149; Purdue eighth with 195; Indiana ninth with 200, and Iowa tenth with 217.

WISCONSIN WOMAN POISONED BY CANDY RECEIVED IN MAIL

Forged Letter Comes With Package of Sweets Which Causes Mother's Death

FOND DU LAC, Wis.—Who sent Mrs. Schneider, age 39, wife of a Calumet county farmer, a poisoned chocolate bar which caused her death on Thursday after she had eaten a portion of it? The candy was poisoned with arsenic, authorities believe.

Postal inspectors are engaged in trying to trace the box of candy delivered at the Schneider home near Jerico. A letter addressed to Mrs. Schneider, which accompanied the box, was signed by Mrs. John Goesser of this city, sister of Mrs. Schneider.

Sister Denies Sending Either Mrs. Goesser denies she sent her sister either the candy or the letter. Relatives and friends declare that the letter and candy were sent by some one who forged Mrs. Goesser's name.

Mrs. Schneider gave birth to a baby five days before her death. It was her eighth child.

"I saw Mrs. Schneider on Saturday and she was in splendid condition," said Dr. Goggins. "She was improving so rapidly that I expected her to be up and around by Monday."

Found Woman Suffering Dr. J. W. Goggins, who was called, said he found Mrs. Schneider suffering from convulsions which distorted her features and caused extreme chills and nausea. The physician has removed the contents of the stomach and sent them to Milwaukee for examination.

Dr. Goggins said he questioned the 10-year-old daughter of the dead woman.

"Mamma started to eat the chocolate bar and gave me a piece," said the child. "I tasted it and it was bitter and sour. Mamma was eating hers and she said it tasted funny. I threw what I had in the stove."

Search for the letter and box of candy was made shortly after, but it appears that the girl burned both.

Order Investigation CHILTON, Wis.—Investigation of the sudden death of Mrs. Frank Schneider, wife of a farmer near the village of Jericho, ten miles southwest of here, who died within an hour after eating a chocolate bar mailed to her in a mysterious package, was ordered Saturday by District Attorney H. F. Arps.

The woman's husband, her children, her sister, Mrs. John Goesser, Fond du Lac, and Dr. J. W. Goggins of this city, who attended her, were called to the district attorney's office for a preliminary examination.

Dr. Goggins, acting during the district attorney's absence from the city, Friday, sent the vital organs of the woman to Dr. Daniel Hopkinson, Milwaukee pathologist, for examination to determine whether the candy eaten by the woman contained poison.

FATHER SENTENCED FOR CRIME AGAINST HIS DAUGHTER

Emil Krueger, 50 years old, farmer near Chaffee, was sentenced by Judge J. F. D. Meighen to an indeterminate term in the state penitentiary at Stillwater following his conviction by a jury in district court at Preston of a statutory offense against his 14 year old daughter. The maximum penalty prescribed for the offense by statute is 30 years. The case went to the jury at noon Friday after a trial which began Wednesday, and a verdict was returned in a short time.

A number of witnesses were called both by the state and the defense. Krueger denied his daughter's accusation and asserted that the charges were a "frame-up." Krueger has been divorced from his wife for six or seven years; it was brought out at the trial.

Melvin Asleson, young farmer near Chaffee, who was indicted by the grand jury on a charge of assault on a girl of the neighborhood with intent to commit felony, was permitted to plead guilty to a charge of simple assault, and was fined \$100.

Arthur Schreiber, another young farmer near Chaffee, indicted on a charge of committing a statutory offense against a girl of the neighborhood, failed to appear in court after having been released on \$1,000 bail, and his bond was declared forfeited. Neither Schreiber nor his attorney, M. D. Halloran, of Rochester, were present when the case was called. Orders were issued to have Schreiber brought in court.

TIERNAN DIVORCED ON THURSDAY; WEDS AGAIN ON SATURDAY

(Continued from page one)

know where their daughter became acquainted with him.

Mrs. Brimmer left her home Thursday for Chicago. Her parents knew she planned to marry Prof. Tiernan. The daughter informed them when she left home that she and Prof. Tiernan would make their future home in Chicago.

May Revoke Divorce

SOUTH BEND, Ind.—Judge Montgomery, who presided in the superior court when the divorce was granted to Prof. Tiernan last Thursday, stated Saturday that he had started an investigation into the reported marriage of Prof. Tiernan at Crown Point and that there was a chance that the decree might be revoked or altered. Judge Montgomery states that the court has jurisdiction over its judgments during the term in which they are rendered.

Mrs. Tiernan in discussing the professor's marriage Saturday said she had no knowledge of Tiernan's acquaintance with Mrs. Brimmer but that she was of the opinion that correspondence between the two started during the trial. She did not believe they had met before, she declared.

HIGH PUBLICATIONS OF MIDDLE WEST TO COMPETE FOR PRIZE

Competition Marks Annual Meet of Central Interscholastic Press Association

MADISON, Wis.—Approximately 520 publications from high schools in all parts of the country will compete in prize contests which will be the closing feature of the third annual convention of the Central Interscholastic Press Association to be held in Madison, Wisconsin, December 1 and 2. The gathering will be attended by 650 delegates.

Starting three years ago with entries from a few middle western states, the association has been enlarged to include almost every section of the country.

"The nation wide scope of the convention can be ascertained by the list of expected delegates," Fred L. Kildow, director of the association, said. "We have letters from schools in such distant cities and states as Washington, California, New Mexico, Colorado, Pennsylvania and Ohio. All show great interest in the gathering and all declare their intention of sending delegates. With school authorities sending their student editors 1,000 miles to the convention, there is little doubt that it is being considered a valuable aid to the development of secondary school journalism in this country."

Prizes will be awarded newspapers, magazines and annuals in 21 different classes at the final general session in addition to the regular contests for publication, there will be special contests for magazine covers, serious cartoons and humorous cartoons drawn by students.

The newspaper and magazine contests will each be divided into nine classes. In the first two divisions, prizes will be awarded to the best newspaper and magazine in the country and the three best newspapers and magazines in any states which send ten or more entries.

Awards will be made in the other classes according to the size of the schools entering publications, ranging from institutions of 600 or more students to those of fewer than 101. The three divisions in the contests for annuals will also be made on the basis of size of schools, ranging from those of 1,000 or more students to those of fewer than 401.

Wall blankets will be given the two first place winners and medals will be awarded publications placing second and third in the nationwide contest. These prizes are to be donated by the Milwaukee Journal.

Representative newspapers in each state will award the winners of state contests, with special prizes. Winners in all other contests, including those for artwork, will be awarded C. I. P. A. certificates. All publications submitted are to be judged by a group of active newspapermen and men connected with colleges of journalism. One judge will be supplied by the department of Journalism of the University of Wisconsin. All others will be chosen from outside sources.

CABBAGE PRICES UP

MADISON, Wis.—Cabbage growers Saturday saw the market price of their product rise sharply and give evidence that it would hold firm at a point where the present year's crop can be marketed without loss, the state department of markets announced. A \$250 rise in car lot shipments, the first real advance of the year, occurred Friday and was maintained Saturday, the department said.

Farmers are now receiving from \$5.50 to \$6 a ton, where two days ago they received \$5.50.

ORGANIZE LAW FIRM

KENOSHA, Wis.—Announcement was made here Saturday of a new law firm to be composed of Clifford E. Randall, former judge of the municipal court, former member of congress, and City Attorney Richard P. Cavanaugh, well known corporation lawyer, and C. A. Mittlestead, who has been associated with Attorney Cavanaugh in practice. The new firm is to become effective January 1.

Another Gasoline

A French scientist claims that vegetable oils deprived of water and hydrogen and passed over nickel furnish a fuel similar to gasoline.

HOBBO CHIEF

C. F. Fisher, whose home, when he isn't on the "trail," is Detroit, succeeds James Eads Howe, millionaire hobo, as president of the International Welfare Brotherhood association. In other words, he's "King of the Hobos." He was elected at the hobo convention recently at Columbus, Ohio.

AROUSES STORM OF DEBATE

A storm of debate in medical circles has been aroused by the announcement of Dr. Arthur E. Guedel of Indianapolis (shown above) that he has perfected the secret of painless childbirth through the administration of nitrous oxide.

SECOND SHOWING OF LEGION REVUE ANOTHER SUCCESS

Musical Show Pleases Audience Again at Second Show on Friday Night

The success of the American Legion Frivol Revue was even more pronounced on its second showing Friday night than it was Thursday, when it opened. The people appearing in the various numbers were more at home in their parts, and had lost a lot of the awe they felt for the audience on the first night. This was especially true of the singers and dancers in the first act.

The show was again in the nature of a personal triumph for Miss Evelyn Myhre, contralto. Miss Myhre is possessed of a beautifully full and rich voice, and has an easy stage presence. She made a decided hit in all of the numbers in which she appeared, particularly in her song, "Sail," in which she was assisted by a wonderfully groomed chorus of local beauties.

Myron Locke and "Hippo" Poscor, or staged another hit in their burlesque of an Egyptian classic dance. Their offering was also one of the features of the opening performance, but through an oversight, no mention of their appearance was made in the review of the Thursday performance.

The committee in charge of the arrangements for the show report that it was a success in every way, and extend thanks to the public for its patronage, and to those who took part for their assistance. The Legion plans a party for the cast to be held at the Chamber of Commerce on December 8.

The show was produced by the Gerber Producing company of Chicago, under the personal direction of Robert Gerber.

NEW GOVERNMENT IN BERLIN GIVEN CONFIDENCE VOTE

Minister of Agriculture Resigns After Attack by Socialists in Reichstag

BERLIN, Germany.—By The Associated Press.—The reichstag Saturday voted its approval of the motion made by the German democrats endorsing the government's declaration of policy. All the parties voted for the motion with the exception of the communists and three members of the anti-Semitic party who cast their votes against approval.

Dr. Herman Mueller, minister of agriculture and food controller in the new cabinet of Chancellor Cuno, resigned his office Saturday. The resignation came after attacks made in the reichstag upon the minister by socialists who accused him of having actively participated in the Rhineland separatist movement in 1919.

N. P. INSISTS ON CONTINUED UNION WITH BURLINGTON

ST. PAUL, Minn.—Perpetuation of the union between the Chicago, Burlington & Quincy railroad and the Northern Pacific railroad in any consolidation to be made will be insisted upon by the Northern Pacific, it was emphasized in a statement here Saturday by Charles Donnelly, president of the road.

RAILROAD SELLS LAND TO CORNELL COMPANY

SUPERIOR, Wis.—The Chicago, St. Paul, Minneapolis & Omaha Railway company has filed a deed with William McDougal, register of deeds, conveying to the Cornell Woods Products company approximately 3,322.3 acres of land for the consideration of \$24,094.21.

This land is widely distributed and lies in Douglas, Bayfield and Burnett counties. The Cornell Woods Products company is a Wisconsin corporation with headquarters in Cornell, Wis.

The doubling of the postal rates in England caused a very decided decline in the amount of mail matter.

IRISH FREE STATE CONSTITUTION BILL IS MADE PUBLIC

Measure Presented to British Parliament Friday by Premier Bonar Law

CONSTITUTION VOID WHERE IT CONFLICTS WITH TREATY

Dublin Quiet Following Execution of Erskine Childers

LONDON.—By The Associated Press.—The text of the Irish Free State constitution bill, presented by Premier Bonar Law to the British parliament Friday and made public Saturday, sets forth that the Irish parliament is constituted in accordance with the Irish Free State agreement act and is sitting as a constituent assembly, having passed the Irish constituent act embodying the Irish constitution.

This constitution, the bill states, is to be construed with reference to the Irish treaty which is also embodied in the bill as a schedule, and it is provided that if any provision of the constitution is repugnant to the treaty, it is in respect to that repugnancy absolutely void and inoperative. It is that even the Irish parliament is to pass further legislation necessary to fulfill the treaty.

Dublin is Quiet

DUBLIN.—By The Associated Press.—Friday night passed quietly in Dublin and the feeling of uneasiness caused by the execution of Erskine Childers seemed greatly lessened Saturday.

In the opinion of many students of the Irish imbroglio, the execution of Childers will be likely to intensify the bitterness of the fight between the Free State proponents and the republicans. Thus far, however, his death has not provoked any expressions of regret either from the old unionists, the old nationalists or the former Sinn Fein colleagues of Childers who are now supporting the government. The constant killing or wounding of national army soldiers, the destruction of property and other acts of violence incident to the campaign of the irregulars, which rightly or wrongly have been largely attributed to the influence of Childers' implacable stand upon Eamon De Valera, seems to have robbed the executed man of sympathy in any but republican quarters.

SPECULATION POINTS TO BURTON AS NEW MICHIGAN SENATOR

DETROIT, Mich.—Speculation is in vogue here that Governor Grosbeck would appoint to fill the senatorial seat vacated by Truman H. Newberry, was centered Saturday on Dr. Marion L. Burton, president of the University of Michigan, following a five-hour conference at Ann Arbor Friday night between the educator and the governor.

Both the governor and Dr. Burton declined to comment after the conference. Previously the university head had asserted he was not desirous of an appointment as U. S. senator.

Members of the board of regents of the university declared Dr. Burton was "a free agent," but some of the regents privately expressed the hope Dr. Burton would not accept a senatorial appointment.

The university president has been one of the outstanding figures in a list of nearly fifty men and women who have been mentioned as possible appointees.

VOTE RECOUNT IN KENOSHA COUNTY REVERSES RESULT

KENOSHA, Wis.—A certificate of election was issued to Morris Barnett, democratic candidate for district attorney of Kenosha county, at midnight Friday night after a second recount of the ballots had shown that he had won by a majority of one vote. It is possible that Frank S. Scanlon, the republican candidate, who won on the face of the returns, had filed a contest in court. The vote was recounted a second time after the first recount had given Barnett a majority of two votes. Members of the board said they believed the court investigation of the ballots would increase the majority of Barnett by at least two votes.

BADGER SOLDIER ONE OF GREATEST HEROES OF WAR

BIRCHWOOD, Wis.—Clayton Slack, Washburn county farmer soldier, and regarded as one of the greatest living world war heroes, is believed to be the only Wisconsin man to be the holder of the congressional medal of honor. Mr. Slack has been decorated by allied nations and by the United States government for having wiped out a machine gun nest single-handed and taking a large number of prisoners.

CARD OF THANKS

The undersigned, desiring to express their heartfelt thanks for the many expressions of sympathy over the death of the "viking" brother, Rev. H. C. Magnusson, the pallbearers and for the floral designs.

THEODORE OLSON, CARL OLSON.

CARD OF THANKS

We, the undersigned, wish to thank the many friends and neighbors, the Ladies Aid, the Daughters of Norway, the "viking" branch No. 1 of S. A. V. those ladies from Holmen, the Salvation Army and all others that showed their kindness and sympathy by their presence and aid during our sickness and affliction.

H. A. PAYNE AND FAMILY.

WOMEN M. P.'S—BEAUTY ON THE BEACH—MUSSOLINI AND THE KING—FOOTBALL IN SPECTACLES

**STATESMEN ON A DAY OF REST**—Mayor Hylan of New York and Senator-elect Henrik Shipstead of Minnesota are shown here recovering from the hard labor of political campaigns. New York's mayor is admiring the results of a day's fishing in Lake Michigan. Senator Shipstead can bag ducks as easily as votes judging from this photo taken on his return from a day's hunt near Brocton, Minn.

**THE RUM CHILD**—This little Virgin Islander is happy as long as the United States doesn't make strenuous efforts to enforce prohibition in our newest possession. Such efforts haven't been made as yet and the making of rum, chief industry in the islands since colonial days, is still carried on. Here is a distiller's assistant carrying rum in a bamboo jug.

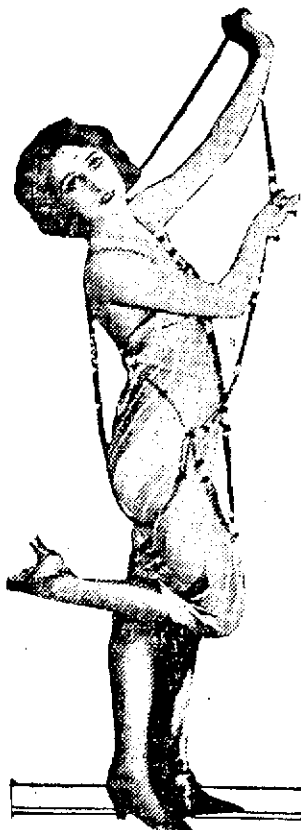

**THIS MAKES WILD WAVES WILDER**—Notable bathing suits have been adopted by girl musicians at some of the most popular watering and liquoring resorts. It is very easy to read music under these conditions.

**SHE HOPES TO BE SENATOR**—Lucille Cadwallader, Long Beach, Cal., hopes some day to fill a seat in the United States Senate. She's only 22 now but already she's a full-fledged lawyer, is president of the Woman's Legal association of the University of California, and is looking longingly toward a seat in the legislature.

**BEACH QUEENS**—The opening of the Florida season was made more attractive at St. Petersburg, Fla., by the presence of the early arrivals, Miss Bertha Cook of Corning, N. Y., and Miss Janette Booth of Ft. Worth, Texas.

**PRIDE OF ROME**—The present scintillating star of the Italian stage is Anna Fongez of the Teatro di Varieta, a company similar to the famous Comedie Francaise of Paris. This olive-skinned beauty has taken Rome by storm and is about to test her popularity in a tour of continental capitals.

**VICTOR**—Bonar Law indulged in an unconservative smile when the election returns showed the conservatives winning in the English election. Here he is shown addressing voters from a coach window on his journey to Leeds.

**ROMANCE OF A HORSE**—Not long ago Major J. A. Barry (above) found this horse, Submersible, as a worn-out plug pulling a laundry wagon in Fort Riley, Kas. Since then Submersible has won seven blue ribbons at horse shows. Hear that horse-laugh?

**ITALIAN KING GREETSS MUSSOLINI**—Here is shown one of the strangest climaxes of modern tempestuous politics. Mussolini, leader of the group who defied constituted authority and who took law into their own hands, is here greeted by the Italian king and offered the premiership.

**NERVE**—It takes courage to wear spectacles during an intercollegiate football game. But Fischer, Columbia's tackle, wears them and has played through the season with this protective headgear.

**SMYRNA REFUGEE REGISTERS HAPPINESS**—There was pep and gusto in the dance by which this refugee from stricken Smyrna expressed gratitude and happiness. Surrounded by American gobs on the destroyer McCormick, the Christian who had fled from the Turk peril to the American warship used this language to tell his emotions.

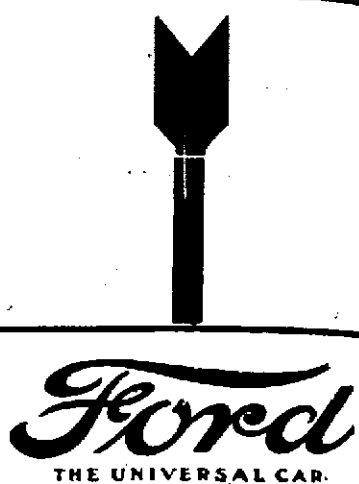

**PRETTIEST CO-ED**—Esther MacDonald of Northwestern University was voted the most beautiful girl in a recent co-ed beauty contest. She is an all-around athlete and stands high in her studies.

**M. P.'S**—Of 33 women candidates for parliament in the British general election, just over, only three were successful. Top to bottom: Lady Alderton, Lady Nancy Astor, Mrs. Winttingham. The last two were re-elected.

**ACTORS—OLDEST AND YOUNGEST**—This contrast in Broadway's theatrical world shows Esther Banks, oldest member of the Actor's Equity League, with the Equity Baby, Alexander Lewis.
